

HEALTH & SAFETY POLICY

Our Company is committed to the protection of its employees, colleagues and general public from accidental injury and its property from accidental damage

To meet this commitment the management will:

1. Develop Health and Safety procedures with Management and Staff input to ensure ownership by all parties.
2. Provide a safe workplace, safe equipment and proper materials.
3. Establish and insist upon safe methods and safe practices complying with legislation, regulations, codes of practice and safe operating procedures, and if any accidents/incidents occur, accurate reporting of them.
4. Provide appropriate supervision and training and monitor conformance to quality standards.
5. Ensure employees and other persons understand and accept their responsibility to promote a safe and healthy place of work.
6. Develop appropriate emergency procedures to render immediate response and first aid.
7. Have a process of hazard identification, evaluation, elimination, isolation and minimisation.
8. Comply with legislative requirements.
9. Ensure that Contractors working on our premises have and operate safety procedures.
10. The Foreman on each site will be designated the Health and Safety Officer for that job.

Likewise, all of our clients and staff members have a responsibility to observe safe work practices, rules and instructions on **Construction Coatings Nelson Limited's** job sites.
